## ROUND TABLE MEMBERS SEE DORM VIEWS

If General Buford were to climb to the cupola of Old Dorm at the seminary today he would find the excellent view he had of the first day's field 97 years ago greatly limited by trees.

Members of the Gettysburg Civil War Round Table Thursday evening at their June session toured the town's two "Old Dorms"—at the seminary and college—to see first hand the view that General Buford and other officers and signal corps members of the Union and Confederate armies had during the three days of the battle.

From the seminary Old Dorm they sought to locate landmarks that were mentioned in dispatches as being seen from the cupola and found that in most instances trees now block the view. Old photographs show the trees have changed the town's appearance in the intervening years.

**Recalled Battle Stories**  
But the trip gave them the right to say: "I stood where Buford stood" when he used the seminary cupola as a look out to watch developments that opened the Battle of Gettysburg.

They also recalled how Union seminary dormitory and visited some of the now abandoned rooms in an effort to guess where the wounded were placed. They also recalled that drummer boys and others reported after the battle that they were pressed into service as stretcher bearers to evacuate wounded when it became evident that the battle would roll up over the seminary area.

At the college's Old Dorm they traced from that village point the scene as it must have appeared on the morning of July 1, 1863. Union Signal Corps men used the vantage point on June 30 and July 1 and again on July 4 and Confederate lookouts were there in the interim.

## Going To Carlisle

They also traced the use of the college dormitory as a hospital by the Confederates during their occupancy of the building on July 2 and 3. The college dormitory remained a hospital for wounded for several weeks after the battle ended.

Vice President Harmon Furney reported plans to visit the Carlisle Barracks at the July meeting and to hear a talk on Carlisle's participation in the Battle of Gettysburg. Troops which later came here were at Carlisle and across the river from Harrisburg when called back to participate in the fighting here.

## Castro Threatens To Seize U.S. Property In Cuba

By RICHARD VALERIANI  
HAVANA (AP) — Fidel Castro has threatened to confiscate all U.S. business interests in Cuba if the United States cuts the quota of Cuban sugar on which it pays the island nation a bonus of 150 million dollars a year.

The Cuban Prime Minister termed a proposal before Congress to give the U.S. President standby authority to cut the quota "economic aggression" and a "knife thrust in the chest." His 100-minute speech Thursday night was broadcast over a nationwide radio hookup.

"We will not remain impassive," he said. "We will know how to meet economic aggression." Speaking of the huge U.S. business interests in Cuba, Castro said: "In the same manner that they are there now, it may be in the future that they are not there."

**Billion Involved**  
American investments in Cuba before Castro came to power totaled about a billion dollars, but the revolutionary regime has taken over about a third of this, chiefly sugar and cattle lands. Properties still in American hands include the 300-million-dollar Cuban Electric Co., the 115-million-dollar Cuban Telephone Co., banks, sugar mills, mines, oil refineries and various commercial enterprises.

PHILADELPHIA (AP) — The Pennsylvania Supreme Court today directed that the trial of Elmo Smith for the murder of a 16-year-old schoolgirl be held in Adams County.

The Montgomery County Court on June 16 granted a petition of the defendant for a change of venue on the ground that he could not get a fair and impartial trial in his home area.

Smith lived in Bridgeport near Norristown. He is an ex-convict with a record of sex offenses.

Smith is accused of killing Maryann Mitchell last December 30.

Authorities said the killing was done in Montgomery County.

This is the second murder trial to have been transferred from another county, according to local officials.

## STAR-LADEN SHOW HANDLES DREAM THEME

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Maybe next season TV will get around to doing frankly a show called "The Secret World of Walter Mitty." But it will probably be too late because Wally Cox has already done it with Hiram Holliday. A few weeks ago, Nanette Fabray was trapped in a sort of musical about a girl Mitty. Now, Thursday night, little Eddie Hodges was the center of another musical on the heroic dream theme.

The idea is not only hackneyed by now but the creators of Thursday evening's CBS interlude stuck stubbornly to clichés. Eddie dreamed of himself as the fastest gun in the West, Huck Finn, conqueror of a pirate, a circus high wire artist and, of course, the star batter in the big league.

The engaging little star worked hard, abetted by some high priced talent including Jackie Gleason, Janis Paige, Bert Lahr, Hugh O'Brian and Boris Karloff. It might have been a rather charming program, but it just used the theme of a boy's dreams as a device for some jokes, music and dancing.

### On Aid On In-Re-run

The most mysterious series in TV is neither "Perry Mason" nor "Peter Gunn," but "December Bride." It was, at best, a mildly diverting little situation comedy when it was in production. In re-run form, however, it seems to go on and on, gathering steam as the years roll by.

Last season, re-runs of the show were preferred by CBS to the pleasant—and live—Sam Levenson Show. Rebroadcasts of the show continue on that network daily. Now for goodness sake, "December Bride" re-runs are the network's choice for a prime-time summer replacement in the second half of the old Desilu Playhouse hour on Friday nights. That's a strange example of creative programming.

Recommended tonight: "Dillinger—A Year to Kill," CBS, 9-10 (Eastern Daylight Time)—re-run of a semi-documentary about the capture of the Midwest killer by FBI agents with Ralph Meeker as Dillinger and Steve Hill as FBI agent Melvin Purvis.

He also reported on our request to the County Road Commissioners for shoulders on the Otterdale Mill Road.

Several items of business concerning industry for Taneytown was discussed and acted upon. The meeting was adjourned at 8:15 p.m.

## SPECIALS ARE SCHEDULED ON TV THIS WEEK

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—For a summer week, the next seven days of television seem crammed with specials. Three new shows will bow in and there are two specials coming up.

It gets off to a slow start, however. Tonight there isn't much of special interest except a repeat of CBS' long-hour semidocumentary, "Dillinger—A Year to Kill" (9-10 Eastern Daylight Time).

Saturday is quiet—mostly reruns of the popular action shows, but NBC will do its final wrap up of "The President's Trip" (9:30-10:30 p.m.).

Politics on Sunday  
Politics will preoccupy all the Sunday interview shows. NBC's live mystery show Sunday night (9-10) is "Fear Is the Parent," with Mona Freeman and Arthur Franz.

On Monday, CBS starts a new, live day-time series, "Full Circle" (2 p.m.). That night there is ABC's hour-long musical special (9:30-10:30) directed to teen-agers, with Pat Boone, Edd Byrnes, Paul Anka, Bobby Darin and other young singing favorites.

Richard Diamond, the private eye, comes back on NBC Tuesday night (9:30-10) with some new adventures. And at the same time, CBS will unveil its summer series, "The Comedy Spot," with a 30-minute program starring pantomimist Ben Blue.

Japanese Documentary  
"Japan—Anchor in the East" is the title of ABC's Wednesday night hour-long news documentary (7:30-8:30) pre-empting its regular musical show, and there is "The Great Gold Mountain," a drama about a small town, on CBS' Steel Hour (10-11), starring Polly Bergen and Ed Begley.

Phil Silvers in one of his occasional comedy specials, "Summer in New York," is the big event Thursday (10-11 p.m.).

## Several Hundred Attend Open House

Several hundred persons attended the United Telephone Company's "Open House" at the new telephone building, 260 West Middle St. Thursday evening. In announcing that "Open House" would be continued through this evening, United District Manager John Caldwell said he was greatly pleased with Thursday's attendance and that arrangements were being made to entertain an even larger number this evening.

In addition to seeing at close range the actual operation of the new dial system, the guests were given a preview of the direct distance dialing service that will be introduced here July 10.

Wersinger was a test pilot for Piper Aircraft Corp., Lock Haven. Lockard was a representative of the Lycoming Division of Avco Corp., which makes engines for Piper.

Cause of the crash was not determined, but Moore said the plane may have run out of fuel. He said witnesses reported the plane's engine appeared to sputter before the crash.

## BIG ELECTION COMING UP IN NORTH DAKOTA

By ARTHUR EDSON  
BISMARCK, N. D. (AP) — Rarely at this time of year has North Dakota looked greener or prettier. Politically, that's news for the Republicans and frightening news for the Democrats.

A curious, and nationally important senatorial election is coming up next Tuesday.

Gov. John E. Davis, a Republican, is running against Rep. Quentin Burdick (D-ND) for the office left vacant by the death of that old, free-wheeling firebrand, Sen. William Langer (R-ND).

Important To Both

It's important to both sides and especially to the Republicans.

They figure if they lose this one, it will be interpreted as a slap at the administration's farm policies.

This would make it just that much more difficult for Vice President Richard M. Nixon, a shoo-in for the GOP nomination, to carry the farm area in November.

So Republicans have fetched in their largest oratorical guns to aid Davis: Nixon, Gov. Nelson A. Rockefeller of New York, Sen. Thurston Morton of Kentucky, the GOP national chairman, and a host of others.

**Rains Play Big Role**

But more important than any of these have been the rains that have fallen at the right time. The crop report this week reads as if it were written by a Republican: "very good."

Milton Rue, a former North Dakota Republican committeeman put it this way:

"When it's dry the farmers are discontented and they may vote against you when it rains."

He didn't bother to finish but just blew out a satisfied puff of cigar smoke.

**Farm Issue Big**

But even Rue, fortified by rain and his Republican background, is saying that this could be so close that out of around 210,000

(Continued From Page 1)

"Greater Loyalty to Our Communities"; Wednesday, "Larger Service to Our Groups" and Thursday, "Better Living in Our World." Each day all gathered for talks on the theme of the day then divided into tight "clubs" for further discussions on the subjects.

Miss Bowman and Mrs. Helen Tunison, county extension home economist, are on the staff for the 4-H Congress which began Thursday and will conclude Saturday. More than 800 youths from throughout the state are attending the congress.

Those from Adams County attending the Congress are Jon Newman, Littlestown R. 2; Ronald Brown, Littlestown R. 1; John Kunkel, Biglerville R. 2; Carol Rex, Biglerville R. 1; Thelma Ridinger, Gettysburg R. 1; Sandra Wise, Taneytown R. 2; Charlotte Leier, York Springs R. 1; Vicki Auchey, Hanover R. 5; Lois Griest, New Oxford; Martha Bowman, Hanover R. 2; Bonita Bowers, York Springs and Mary Frances Krichen, McSherrystown.

County Agent Zettie said the "Congress" replaces the annual 4-H Club Week which has been devoted among other things to various contests. The Congress plan is "designed to help young people better understand their role as a member of the family and community and to be a better citizen," Zettie said.

votes cast, Davis probably will have only 110,000 of them.

One needn't spend much time in North Dakota to realize that here the farm issues are paramount.

Scott Anderson, the Democratic campaign director, is one of the more unusual politicians around today. He's a member of the state Legislature. He's only 23 and as soon as he finishes spreading the Democratic gospel he hopes to begin studies as a divinity student.

He's predicting a Burdick victory. And why?

"The soil bank," said Anderson. And his voice had that triumphant note that in another state would mean that his foe had been caught with his hand in the till. "Do you realize," Anderson said, "that in the last four years 7,804 complete farms have been taken out of production in North Dakota and that 3,000 of these have been in the past year. This means that businesses all over the state are feeling the pinch."

Both Burdick and Davis hate the soil bank program, but Burdick has the edge here. He blames the soil bank on the Republicans and says he started hating it first.

## SPECULATION ON FEDERAL JUDGESHIPS

By FRED B. WALTERS  
HARRISBURG (AP) — Who will get the \$22,500 a year job—when and if?

That's a favorite question in legal and political circles through a 32-county area of central and northeastern Pennsylvania.

The job in mind is a U.S. Middle District judgeship, when and if Congress approves an additional seat on the bench or when and if one of the present two judges retire.

**Covers Large Area**

The district ranges over a vast area from the south-central counties to the northeastern corner of the state, with Scranton and Harrisburg as its poles. It also covers the deck of counties west of the Susquehanna and along the New York - Pennsylvania border from Potter County eastward.

A bill in Congress would create a temporary additional judgeship in this district among 35 new judgeships around the nation. But even if the bill should die in Congress, there is a widespread assumption in legal circles in the district that a vacancy will open anyway through retirement of one of the present judges.

Judge Frederick V. Follmer of Lewisburg is 74. Chief Judge John W. Murphy, of Scranton, although only 58, has been seriously ill, returning to the bench in March after an absence of six months. Under doctor's orders, he has had to take it easy since his return.

**Watson Is 84**

Former Judge Albert L. Watson of Clark Summit, now 84, has come out of retirement to fill in as a substitute when needed.

Most prominently mentioned as possible new appointees are State Sen. James S. Berger of Coudersport, the Senate Republican floor leader, and Daniel Jenkins of Scranton, also a Republican and presently U.S. attorney for the district. Berger is 57; Jenkins 60.

Berger said he is very interested in the job. He has strong support beyond his own county, (Potter), an important edge over the several other GOP candidates.

**Muir Endorsed**

The Lycoming County GOP organization, meanwhile, has endorsed Malcolm S. Muir of Williamsport, former Lycoming County solicitor. The Clinton County Bar Assn. has indicated support

## C. D. TOPPER IS GRAND KNIGHT

Curtis D. Topper was re-elected Grand Knight of Brute Council of the Knights of Columbus, Emmitsburg, at Monday's meeting. Other grand knights, Lumen F. Norris; chancellor, Jacob E. Baker; treasurer, William L. Topper; advocate, Frank S. Topper; warden, Clyde J. Eyer; inside guard, Thomas W. Seltzer; outside guard, Bernard M. Welty; trustee, Joseph M. Haley; delegate to the State Convention, Guy A. Baker Sr.; alternates, Carl Wetzel and Quinn Topper.

Installation will be held on July 18. Grand Knight Topper presented the plaque for membership which he received at the Convention in Ocean City last month and also gave a report on same. A summary was given of the retreat held at Manassas last weekend at which five of the local men represented Brute Council: Quinn Topper, J. Ward Kerrigan, Curtis Topper, Carl Wetzel and Prof. Richard J. McCullough.

Thank-you notes were read from St. Joseph High School and William Merritt. Letters were read from the Maryland State Council and Archbishop Keough. It was reported that plans are progressing nicely for the Crab feed to be July 3 at Kump's Dam.

Curtis Topper presided at the meeting attended by thirty-five members.

for County Judge Abraham Lipetz. Also mentioned among the GOP possibilities are Walter H. Compton of Linglestown R. 1, Dauphin County; Joseph L. Carrig, former congressman from Susquehanna and Mark Garber of Carlisle, former Cumberland County judge. Compton now is a bankruptcy referee for the district.

Because the federal administration is Republican, it has been largely assumed that the job would go to a Republican, but Democrats point out it is unlikely the Democratic-controlled Congress would create 35 jobs for Republicans without some compromise.

## Two Alternatives

Two alternatives were mentioned in an Associated Press survey of legal and political sources close to the picture:

First, that the two parties split the 35 jobs, or, second, that the effective date of the new judgeships be set for next year when a new president takes office. Democrats, of course, hope he will be their candidate.

The only Democrat mentioned as a possibility for a new district judgeship is Russell T. O'Malley of Scranton, president of the Pennsylvania Bar Assn.

But, commented one Democratic leader, "there's been so much talk about a Republican getting the job that none of the Democrats has come out of the woods yet."

Both Follmer and Murphy, incidentally, are Democrats. Watson, a Republican, was appointed to the Bench by President Coolidge.

## SOVIETS MAY TRY TO CLOSE GENEVA TALKS

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—U.S. officials believe the Soviet Union may soon try to suspend disarmament negotiations at Geneva on the grounds that progress toward agreement is impossible until after a change of administrations in Washington.

Authorities said that the Soviet government probably is reluctant to make a definite break-off move for a time, but two developments indicate they are maneuvering in that direction.

In the 10-nation disarmament conference, Communist spokesmen at recent sessions have accused the United States and other Western powers of stalling and of failing to display any interest in real progress toward agreement.

**Until After Election**

For their part they have insisted that the West accept Soviet proposals as a basis for negotiation, and so far have rejected all efforts to draw them into detailed discussions even on their own plan.

In connection with the three-power negotiations for a treaty prohibiting nuclear weapons tests, the Soviet Union recently sounded out the United States informally about shelving the conference until after the November presidential elections in this country.

A Soviet diplomat at Geneva is understood to have suggested to a U.S. diplomat that no progress was possible so long as President Eisenhower remains in office. The United States rebuffed the Soviet approach about a long recess but authorities here considered it significant.

**In Line With Khrushchev's Plan**

Suspension of the conference would be in line with Soviet Premier Nikita Khrushchev's campaign to discredit President Eisenhower as an effective U.S. leader in the search for peace.

Officials said the United States and its allies have no intention of agreeing to a long recess in either conference.

They are not sure how matters will develop in the nuclear test negotiations during the next few weeks but are pessimistic about any real progress. They expect little accomplishment even though the belief still prevails in official quarters that in the long run Khrushchev wants a nuclear test ban.

## Reds Start New Trouble To Upset Pact With Japs

### Eastern League

By THE ASSOCIATED PRESS

Ever since Hal Jones broke into organized baseball back in 1957 he's shown marked improvement in his slugging.

And the 22-year-old Reading flash today appears certain to be headed for the Major Leagues.

Jones belted two homers Thursday night, one a grand slam, to hike his total this year to 18 plus 50 runs batted in as he led the Indians to a 10-7 victory over Lancaster. Jones leads the Class A Eastern League in both home runs and rbi's and is not far from the club record of 28 homers set by Rocky Colavito in 1953.

### Belted 17 Homers

In his first year at Keokuk, Iowa, of the Class D Midwest League Jones belted 17 homers and batted in 68 runs. In 1958 with Batavia of the Class D New York-Pennsylvania League he collected 22 home runs and 97 rbi's. Then last season at Minot of the Class C Northern League he belted 35 home runs and sent 127 runs across the plate.

Jones' performance Thursday night helped Bill Fazekas notch a shaky eighth victory in 11 decisions. Vic Hansen (3-6) was the loser.

In other games first-place Williamsport hiked its lead to two full games over Springfield by beating Allentown 11-6 while the Giants were losing 8-5 to Binghamton.

## DEMOCRATS TO PRESSURE GOP SENATE

HARRISBURG (AP) — Democrats hoped to win public support for their stand that the 1960 Legislature should adjourn finally by convening the House for an unusual session today.

The Republican dominated Senate, which wants another extended recess of the constitutionally limited Legislature, is in recess until Monday.

Rep. Stephen McCann, House Democratic leader, planned to read newspaper editorials urging the Legislature to quit in an effort to underscore the Democratic argument there is no work to be done.

**McCann Offer**

McCann has said he would agree to another recess if the Senate Republican majority would set a date for final adjournment.

Republicans counter that by meeting periodically they can keep an eye on the administration of Gov. Lawrence and the state's finances.

A constitutional amendment establishing annual sessions of the Legislature, approved by the voters last fall, limits the current session to revenue and appropriation bills. Since the state is budgeted until next May 31 there is little for the current Legislature to do.

**Constitution Involved**

McCann last Monday scheduled today's House session in an apparent effort to force the Senate to return also.

But the upper chamber met Monday and Tuesday and held a three-minute tenuous session early Wednesday morning to satisfy the Constitutional requirement that neither house may recess for more than three days without consent of the other.

## Today's Talk

### ABSORPTION IN ONE'S WORK

Absorption in one's work is the cure for almost every ill imaginable.

It is fine to have ideals, and to be good in one's aims—but a greater thing by far is to work out, through the powers for which we possess, the practical application of those things which are near and dear to us in their effect upon society as a whole.

The everlasting greatness of our country's 26th President—"Teddy" Roosevelt will always rest upon the fact that he put his ideals to work with every ounce of energy he possessed. He was so absorbed in the things for which he stood that his personal life became secondary to him. And so it is, I believe, with President Eisenhower.

Happiness is found in work. Love of one's work must come first as above everything. Just the minute that work is dominated by the desire for the monetary reward it brings, then does work lose its controlling genius over great character formation.

The greatest thing that you can teach a child is to work. Work is patriotism, honor, righteousness, justice, kindness, consideration, honesty—and a thing that exalts human beings as it does nations. Without it every prop which holds society secure, would fall and all life would be a chaos of ruin and despair.

Work—and work with all your heart and ability. All things are bound to work for you when you work!

Tomorrow Mr. Adams will talk on the subject: "The White Pond Lily"

### THE OTHER FELLOW

Are you fond of your wife and children fair?

So is the other fellow.

Do you crave pleasures for them to share?

So does the other fellow.

Does your heart rejoice when your own are glad?

And are you troubled when they are sad?

Well, it's that way, too, in this life, my lad,

That way with the other fellow.

Do you want the best for your own to know?

So does the other fellow.

Do you stoop to kiss them before you go?

So does the other fellow.

When you baby lies on a fevered bed

Does your heart run cold with a sense of dread?

Well, it's that way, too, where all mortals tread.

That way with the other fellow.

Does it hurt when they ask what you cannot buy?

It does with the other fellow.

Do you for their comfort yourself deny?

So does the other fellow.

Would you wail aloud if your babe should die

For the lack of care you could not supply?

Well, it's that way, too, as he travels by,

That way with the other fellow.

## RECORD SPEED IN PASSAGE OF TREATY WITH JAPAN

**Editor's Note:** Despite opposition from some Japanese, a new U.S.-Japanese treaty has become effective. John M. Hightower, veteran AP reporter of diplomatic affairs, herewith tells about the speed of the ratification and interprets the outlook ahead as seen by Washington observers.

**By JOHN M. HIGHTOWER**  
WASHINGTON (AP)—The United States was legally assured today of the right to maintain military bases in Japan for another 10 years. But the continuing Japanese political crisis rendered uncertain the future of the alliance between the two countries.

A new security treaty binding Tokyo and Washington in an anti-Communist partnership became effective with unprecedented speed. Ratification documents were exchanged formally in Tokyo only seven hours after the U.S. Senate voted 90-2 Wednesday afternoon to approve the pact.

Japan had completed the necessary preliminaries last Saturday, despite riotous opposition within that country to continuance of U.S. bases there.

**High Cost To Kishi**  
But the successful conclusion of the pact is costing Premier Nobusuke Kishi his position. He said he is resigning, and an aide said he will step out as soon as stability can be restored.

U.S. officials have expressed confidence that the violent opposition commands the support of only a minority of the Japanese people. They say they are sure that when the controversy is finally resolved, Japan will remain firm in its ties with the United States. They expect democracy in

Japan to survive the crisis.

But behind the scenes of official Washington there is nonetheless considerable apprehension about the course of events in Japan during the next few months. This anxiety seems certain to persist until, through new elections promised by Kishi, the Japanese people have made known their attitude toward the issues sharply posed in the last few troubled weeks.

**Much Apprehension**  
The treaty was brought into force with extraordinary speed according to a secret plan, carefully guarded against any advance disclosure. The State Department said the arrangements were made in advance of President Eisenhower's departure for the Far East 10 days ago.

The department disclosed late Wednesday night that before Eisenhower left Washington he had signed the United States ratification paper and it had been properly attested by Secretary of State Christian A. Herter.

**Message Forwarded**  
Only the date of the document and the date of Senate approval were left blank. The paper was then dispatched to Ambassador Douglas MacArthur II in Tokyo for use following Senate action.

In Honolulu, it was announced that Eisenhower flashed a go-ahead to MacArthur within minutes after the Senate had acted. The State Department statement said nothing about the riotous demonstration in Tokyo as being any cause for the speedy action or the secret plan of ratification. Instead, it said the advance arrangements were made because of the possibility that the ratification papers would be exchanged before Eisenhower's return to the United States and possibly while he was in Tokyo—it being assumed at the time the President left here, June 12, that he would go through with the Japanese visit which was canceled because of the riots.

## HIGHER PAY IS PROPOSED FOR PASTORS

CARLISLE, Pa. (AP)—Salary increases have been proposed to attract and keep promising young clergymen in the Central Pennsylvania Methodist Conference.

Conference superintendents made the appeal Wednesday at the opening session of the church's five-day annual meeting.

They did not mention a specific increase but said that the present minimum salary of \$4,000 is "the real explanation as to why so many of our promising young men graduating from theological seminaries are moved to locate in other conferences than our own."

The superintendents also urged strengthening Sunday schools in order to educate youth and adults to religious values.

Delegates adopted a resolution urging the conference's 122,000 members to oppose parimutuel betting.

A law permitting parimutuel wagering on harness races was passed last year and approved by six counties at referendum in April.

The conference also proposed a fight against obscene literature through a boycott of agencies selling such literature. It endorsed controlled use of outer space ei-

ther through the United Nations or through compacts with other nations.

The annual meeting ends Sunday with announcement of ministerial appointments.

WASHINGTON (AP)—Asserting that "age discrimination is one of the most baseless of prejudices," Sen. Joseph S. Clark (D-Pa.) Wednesday joined with Sen. Pat McNamara (D-Mich.) in introducing a bill to eliminate such discrimination.

Clark said, "There is no justification for sending to the benches the people best equipped to face complexities at a time when our nation faces more complex decisions and tasks."

## Phillies Take 5th In Row To Leave Cellar; Pirates Bow While Braves Triumph

By ED WILKS  
Associated Press Sports Writer

Okay, so Pittsburgh has been hot and Milwaukee has been hotter, trimming the Pirates' National League lead to 2½ games. But have you noticed Philadelphia? The Phils, looking like a club shifted from a rookie league, have won five in a row and have sprung loose from the cellar.

While St. Louis beat the Pirates 3-1 with a pair of unearned runs Thursday night — after second place Milwaukee made it six straight with an 8-4 romp against San Francisco — the Phils plunked Chicago into the basement by handing the Cubs their seventh consecutive loss, 4-3.

The Los Angeles Dodgers defeated Cincinnati 6-2 in the other NL game.

### Last Since May 12

The Phillies, who had been last since May 12, made it four in a row over the Cubs when rookie Ken Walters singled for a 3-3 tie in the sixth and then belted his seventh home run in the eighth. Walters and Frank Herrera, who hit his eighth home run in the second inning, each smacked three homers in the series. Dick Farrell (5-1) won it in relief of rookie Dallas Green, who gave up home runs by Don Zimmer and Ernie Banks. It was Banks' 21st, giving him the major league lead again.

The Cards were blanked on four hits for five innings by one-time nemesis Harvey Haddix, tied it 1-1 in the sixth and then made the most of a break for the unearned two in the seventh. A single by rookie Johnny Glynn broke the tie, after Dick Groat's error, and rookie Julian Javier's double capped it. Ron Kline (3-6) beat his ex-mates a second time, with Lindy McDaniel's relief help in the eighth. Haddix (4-4) now is 0-2 against the Cards — after taking seven of eight from his former mates over the past three seasons.

Ed Mathews walloped a pair of two-run homers for the Braves, who collected six unearned runs on four errors while sweeping the four-game set with their ninth victory in 10 games. Both of Mathews' jolts, Nos. 15 and 16, were off Sam Jones (9-7), who has allowed only 29 earned runs among the 53 he's given up this season. The Giants, losing five in a row for their longest skid, managed seven hits off Warren Spahn (5-4), two of them homers by Ed Bressoud and Bob Schmidt.

Dodger right-hander Stan Williams (6-1) allowed six hits, but had a perfect game until the seventh, when Ed Kasko led off with a double and scored on Gus Bell's single. Jim O'Toole (5-7) was the loser. The sixth-place world champions, given a dressing down by Alston after losing for the fourth time in five games, won a with three in the fourth on two walks. Williams' bunt and RBI singles by Tom Davis and Don Demeter.

### UPPER ADAMS PONY LEAGUE

The Idaville Senators handed the Red Legs their initial defeat at Biglerville Thursday evening 9-6, the game being halted by darkness after five innings. The winners collected eight hits and the losers seven. Davis, Harvey and Slaybaugh pitched for the Red Legs with Kane receiving. Davis and Richwine formed the winning battery.

The Arendtsville White Sox defeated the Giants at York Springs 7-1 to move into a tie for first place.

At Bendersville the New Oxford Dodgers took a close decision from the Orioles 3-1. Harner and Noel were the winning batterymen. Crum and Black pitched for the Orioles with Baumgardner receiving.

### NATIONAL AAU OPENS TONIGHT

BAKERSFIELD, Calif. (AP) — The track and field campaign in this, the year of the 1960 Olympic Games, swings into another crucial stage for a small army of athletes tonight.

The occasion is the opening of the two-night National AAU Championships in Bakersfield's showcase Memorial Stadium.

At stake are the national titles. But equally important, especially to some of the old guard of stars, is another challenge.

This is their final chance to qualify for the all-important showdown Olympic tryouts at Stanford next weekend, when the United States team will be pretty much decided.

Action starts tonight with world record holder and Olympic champ Harold Connolly leading the hammer throwers into action.

### Jones And Clay Battle Tonight

NEW YORK (AP) — Two tall, rangy light heavyweights meet in the 10-round main event of the boxing show in St. Nicholas Arena tonight, and their battle brings to a close the era of the traditional "Friday night fights."

Doug Jones, unbeaten New Yorker, and Von Clay of Philadelphia are the principals. It will be a return match. Jones won a decision March 28 in a stirring contest.

When major boxing resumes in New York next October it will be on Saturday nights, with no radio. The television will be continued, but the sponsor will switch to ABC from NBC.

Jones, 23, has had 14 fights, and won seven by knockouts. He rates as a 2-1 favorite over the 20-year-old Clay.

### TIGERS SNAP YANK STREAK; ORIOLES WIN

By ED WILKS  
Associated Press Sports Writer

The New York Yankees, back in a familiar spot atop the American League, roll into Cleveland tonight for the opener of a four-game series with the third-place Indians — who at the moment are in a better position than second-place Baltimore in the flag chase.

After their latest winning streak was cut at six with a 2-1 loss at Detroit Thursday, the Yankees have only a half-game lead over Baltimore. But the Orioles, who defeated Chicago's White Sox 5-3 in 11 innings, are four games back in the decisive lost column.

Cleveland is only two back of New York in games lost after putting away a three-game sweep over Washington with a 7-6 victory.

### NEW OFFICERS OF WOMAN'S CLUB INDUCTED

Newly-elected officers of the Woman's Community Club of Littlestown and vicinity were inducted at the June meeting on Wednesday evening in the social room of the Eagle Home, W. King St. On the business agenda was a discussion for the initial fund raising project earmarked for the proposed Community Center in the old grade school building on E. King St.

The following officers were installed by Mrs. Marvin F. Breighner, a past president of the Ad-

ams County Federation of Women's Clubs and a past president of the Woman's Club: President, Mrs. Edward H. Leister; second vice president, Mrs. Leroy W. Bish; recording secretary, Mrs. Anna B. Leach; assistant recording secretary, Mrs. Paul E. Altoff; corresponding secretary, Mrs. Robert J. Stonestifer; treasurer, Mrs. Beaven F. Hanlon.

It was decided that the club's fund raising project will be to sponsor the movie, "The Day of Christ," dramatizing the life of Christ, with color by Eastman, starring Lee J. Cobb and Joanne Dru, among others. The picture will be shown at the Towne Theater between September 27 and October 27.

**Annual Reports Given**  
The committee in charge of the project will announce details as

they are arranged. The committee comprises Mrs. Charles W. Weikert, Mrs. Anna B. Leach, Mrs. Bernard M. Selby, Mrs. Monroe J. Stavelly, Mrs. C. Donald Bowser, Mrs. Carrie Strine, Mrs. Chester S. Byers, Mrs. Robert J. Eckenrode, Mrs. Robert J. Stonestifer and Mrs. Sterling J. Wisotzkey.

In the absence of the retiring president, Mrs. Robert J. Eckenrode, the incoming president, Mrs. Robert H. Miller, presided. The session opened with the pledge to the flag and the club collect. Two guests were introduced, Mrs. Luther D. Patterson and Mrs. Clark Shanabrook. In the absence of the retiring secretary, Mrs. Chester S. Byers, the secretary's report was omitted and Mrs. Sterling J. Wisotzkey presented the treasurer's report.

Annual reports of the standing committee chairmen were given. The chairman are: Mrs. Edward T. Richardson, cheer; Mrs. Monroe J. Stavelly, civic service; Miss Malva A. Dutta, conservation and garden; Mrs. Luther W. Ritter, education; Mrs. Leonard L. Potter, finance; Mrs. Charles W. Weikert, fine arts; Mrs. Alvin J. Groff, Girl Scouts; Mrs. Carrie Strine, hostess; Mrs. Roy D. Renner, legislation and citizenship; Mrs. Bernard M. Selby, membership; Mrs. Anna Leach, parliamentarian; Mrs. Emory C. Gitt, peace service; Mrs. Marvin F. Breighner, program; Mrs. Paul E. Altoff, publicity; Mrs. John H. Flickinger, welfare; and Mrs. C. Donald Bowser, youth conservation.

**Report On Center**  
Mrs. Luther W. Ritter, who with Mrs. Miller, attended the meeting called in the interests of establishing a community center locally, reported on the suggestions made at the meeting and the election of a permanent chairman and secretary. Mrs. Ritter has been appointed as the club's representative on the advisory committee being formed which will include a representative from each of the clubs and other interested organizations of the community.

Mrs. Miller, who attended the recent convention of the State Federation in Philadelphia, had on display literature available from the convention. She also gave a brief report on the proceedings noting that the day when she and Mrs. Eckenrode and Mrs. J. Ray Reindollar were in attendance, there were 1,612 women present; that club welfare in the state the past year totaled \$1,434,902.99 and that suggestions were made for a teen-age club or pre-junior club in communities where interest is

shown. She also described the banquet scene when the 65th birthday of the federation was celebrated and a report given on the Women's Medical College, a federation project supported by the local clubs. There are 12,000 women in 927 clubs in Pennsylvania. New committee members suggested are American Home Department and Communications chairmen. Mrs. Reindollar spoke briefly on the banquet message when the speaker said that "the only way to get ahead of Russia is to get behind America" and that "we worship the atom and sneer at the Sermon on the Mount"; also, "children of 18 today must make more decisions than our grandparents did at the age of 80." All clubwomen were told that "service is the rent we pay for occupying the earth."

**No Speaker**  
Mrs. Miller made a brief talk of acceptance of the honor of being chosen club president, following installation. She requested that illness and bereavements during the summer be reported to Mrs. Richardson, Mrs. Byers or Mrs. J. Harvey Pettyjohn. The president's report for the 1959-1960 club year was read by Mrs. Altoff.

The speaker scheduled for the program was unavoidably detained. Refreshments were served by the hostess committee, Mrs. Karl P. Bankert, Mrs. Edward H. Brown, Mrs. Anna B. Leach, Mrs. Claude E. Snyder and Mrs. Mollie Yingling. The club will not meet again until Wednesday, September 28.

TWO INCHES OF  
RAIN, 50-MILE  
GUSTS IN TEXAS

By THE ASSOCIATED PRESS

At Corpus Christi, Tex., one storm dumped more than 2 inches of rain; Lubbock, Tex., reported wind gusts of 50 miles an hour at the height of a rain and thunderstorm.

The Chicago Weather Bureau blamed a cold front for the siege of unusual weather that hit central sections Wednesday and Thursday. The front extended from the Great Lakes into north-west Texas.

U. N. SECURITY  
COUNCIL BACKS  
UP ARGENTINA

UNITED NATIONS, N. Y. (AP) — The U. N. Security Council has endorsed Argentina's contention that the capture of Adolf Eichmann by Israeli agents violated Argentine sovereignty. But Israel still has Eichmann and obviously is going to keep him for trial.

The council late Thursday adopted an Argentine resolution criticizing the Nazi official's secret transfer from Buenos Aires to Israel and calling on Israel to "make appropriate reparation."

The mild, vague resolution did not ask for Eichmann's return to Argentina, as Argentina had demanded earlier. And Israeli Premier David Ben-Gurion already had said flatly Eichmann would stay in Israel to stand trial on charges that, as chief of the Gestapo's Jewish section, he supervised the extermination of six million European Jews in World War II.

BIG PUSH ON  
MEDICAL CARE  
IS FORESEEN

By JOE HALL  
WASHINGTON (AP) — Senate Democrats today prepared for a big push in the closing days of Congress to try to write a medical care program for the aged into the Social Security system.

Several Senate sources said the votes were available, though perhaps by a narrow margin, to put this type of a provision into the Social Security bill which passed the House 380-23 Thursday.

Two Democratic presidential aspirants, Sens. John F. Kennedy of Massachusetts and Stuart Symington of Missouri, have said they strongly favor adding medical care benefits for retired persons to the Social Security system.

**Opposed by Administration**  
Another, Majority Leader Lyndon B. Johnson of Texas has indicated he favors this approach.

The Eisenhower administration sharply opposes such a plan, favoring instead a program of federal-state grants to finance major medical benefits for needy older persons.

A limited medical care program is contained in the House bill.

Under it, each state would be authorized to set up a new category under its public assistance program of old persons unable to pay heavy medical bills.

The federal government would contribute an estimated 195 million dollars a year and the states 147 million to pay medical bene-

fits for these persons. An estimated one and a half million persons would be covered, with perhaps half a million getting payments in any one year.

sufficient reparation. Reports circulated in Paris that Argentine President Arturo Frondizi might not be willing to meet Ben-Gurion to settle their differences finally.

Both Argentines and Israelis at the U. N. expressed satisfaction with the Security Council's handling of their dispute.

The vote on the resolution was 8-0, with Poland and the Soviet Union abstaining. Argentina, the 11th member of the council, did not vote, being a party to the dispute. Israel, not being a member of the council, could not vote.

The United States, Britain and France said they considered that reparation had already been made to Argentina with the Israeli apology and adoption of the resolution. They termed the case closed.

NEW CEILING  
ON EXPENSE  
ACCOUNTS SET

WASHINGTON (AP) — House members have been ordered to limit their government-paid living expenses to \$25 a day while on congressional trips.

The new ceiling adopted Thursday by the House Administration Committee will become effective July 1.

Employees of the executive branch are limited to \$12 per diem allowance while on government trips. The committee said Thursday that any members who plan to ask more than the \$12 a day for expenses such as hotel rooms, meals, laundry and tips must get approval from their committee chairmen in advance.

But it said up to \$25 a day could be paid "where necessary" where hotel bills alone would use up the \$12. Members staying within the \$12 limit do not have to list their expenses in detail, but those spending more than that will have to itemize their costs.

The ceiling on expenses was ordered following a series of copyrighted stories by the Knight newspapers. The series said some members spent as much as \$103 a day on hotel accommodations, food and drink while on congressional trips.

The program closed with the singing of "Taps" by all the Scouts. The girls served refreshments following the program.

## Young Adventists Enjoy Living By Sensible Codes

By GEORGE W. CORNELL  
AP Religion Writer

ATLANTIC CITY, N.J. (AP)—Those fresh-faced, mannerly Seventh Day Adventist youngsters say it's fun to live by their rule-book.

"I've never been happier in my life," said Norman Ault, 22, of Arlington, Calif., who added that the change came since he joined the church and gave up a lot of habits such as smoking drinking and shooting pool.

"The point is," he said, "we're occupied with things that are uplifting, instead of having time on our hands. I'm busier and I enjoy life more than I ever did."

About 15,000 Adventist young people are here this week for a "Festival of the Holy Scriptures," and to talk about putting Bible principles into youthful practice. They prescribe a firm code:

No dancing, smoking, card-playing or alcoholic beverages; no fraternities or sororities; college parties are chaperoned; movie-going is discouraged, and television is out, except in rare, selected instances. Girls wear no jewelry, little makeup, dress modestly.

### Positive Action

It's not a matter of restrictions," said Laurelee Trainor, 19, a pretty, brown-eyed blonde of Orange, Calif. "It's just adopting a better way of life, in a positive sense."

"We're gaining something — a closer walk with God. Most young people live in fear. I have God — Someone Who is with me every day."

Both Miss Trainor and Ault are delegates from La Sierra College.

## STEELWORKERS BACK TO JOBS AT BETHLEHEM

NEW YORK (AP) — Shipyard workers of the Bethlehem Steel Co. began returning to work Thursday at eight East Coast installations, ending a five-month strike by 17,000 men.

The job resumption by members of the Industrial Union of Marine and Shipbuilding Workers followed ratification of a new contract by union divisions at the various shipyards.

The contract grants a 25-cent hourly pay boost, plus pension and insurance improvements, and will be effective for nearly three years. The previous basic wage was \$2.80 an hour.

### Overwhelming Vote

There was overwhelming endorsement of the new pact by union members at Quincy, Mass., where 10,000 are employed at Bethlehem's Fore River Shipyard, and at such other points as Baltimore and the New York City area.

A settlement in another dispute aided in the return to work at Quincy.

This involved a new contract for the Draftsmen's Union. Agreement reportedly was reached here early today after an all-night parley. This resulted in removal of Draftsmen's Union pickets at the

of Arlington, one of 11 Adventist senior colleges in the country. They were among 750 youths from the West Coast arriving on a 22-car special train.

## 84,500,000 Motor Licenses Issued

WASHINGTON (AP) — The Bureau of Roads said that 84½ million Americans were licensed last year to operate motor vehicles. This represented an increase of three million from 1958.

The bureau said seven states accounted for 45 per cent of the national total.

California had 8,100,000 licensed operators, followed by New York with 6,900,000 and Pennsylvania with 5,400,000. Illinois, Michigan, Ohio and Texas each had more than four million licensed operators.

## Bounced Jew To Death In Basket

MUNICH, Germany (AP) — A former guard at the Dachau concentration camp was sentenced Wednesday to life imprisonment for bouncing a Jew to death in a steel basket.

The defendant was Wolfgang Seuss, 53. The Munich District Court said he put Kurt Riesenfeld in a steel basket hooked to a crane, raised the basket seven feet and let it fall onto the pavement and repeated the process until Riesenfeld was dead.

PARIS (AP) — City fathers are giving Paris a face scrubbing despite pleas by traditionalists that the dirt is part of the city's historical charm.

The aim is to clean the city's historical monuments and public buildings within five years.

## DELAWARE HAS HAD ONLY 13 U. S. JUDGES

By LEE LINDER

WILMINGTON, Del. (AP) — The State of Delaware, one of America's original 13 colonies which helped form the United States, has had just 13 federal district judges since the Constitution created the present judicial system in the 1780's.

Five of those 13 are still hearing cases—in Delaware and other federal districts.

Until 1942 Delaware had only one federal judge. At that time Congress increased the number to two. A third judge was added in 1955. Two judges retired in 1957 but are still serving when needed.

### Bedford First

Delaware's first federal judge was Gunning Bedford who sat on the bench from 1789 to 1812. John Fisher was the second.

Willard Hall, the third judge, served longer than any other—from 1823 to 1871—retiring at the age of 90 after nearly 49 years on the bench. Only once was any decision of his appealed, and it was sustained by the higher court.

A father and son served Delaware's federal judiciary. Edward G. Bradford was the judge from 1871 until 1884. His son, succeeding Leonard Wales, served from 1897 until 1918.

### Wright Is Chief

Between May 20, 1918, when Edward G. Bradford II died and until March 1, 1919 when Hugh M. Morris was appointed, Delaware was without a federal judge. John P. Nields followed Morris in 1930 and was on the bench in 1942 when President Franklin D. Roosevelt picked Paul Leahy as a second Delaware judge.

Caleb M. Wright, appointed in 1955, is today's chief judge of the district. He succeeded Leahy as chief in 1957 when the latter retired and went on temporary status. Richard S. Rodney also re-

## Houston Wants To Be Largest City In World

HOUSTON, Tex. (AP) — The Houston City Council voted Wednesday night to make Houston the largest city in the world in area even though Mayor Lewis Cutrer called the idea "preposterous."

The council voted to annex about 1,100 square miles, which is everything not annexed by some other Harris County city. The annexation would give Houston an area of 1,560 square miles.

A second and final reading of the annexation ordinance will be held within about 30 days.

On the basis of preliminary census figures Houston is the sixth largest city in the nation in population with 932,680 residents, an increase of 56.4 per cent since 1950. The population of the Houston metropolitan area is estimated at 1,232,179.

Cutrer said that Houston "with over 450 square miles and within four square miles of being as large as Los Angeles, has plenty of room in which to grow."

Los Angeles, with an area of 455 square miles, is the largest city in area in the nation. It has

tired from full duties in 1957.

Leahy and Rodney were succeeded by Caleb R. Layton III and Edwin D. Steel Jr.

Rodney is a direct descendant of Caesar Rodney, the Delaware signer of the Declaration of Independence.

2,451,862 residents and its metropolitan area, Los Angeles County, has 5,987,246 residents.

PHILADELPHIA (AP) — The government says it will try to effect maximum reemployment of the 550 civilian employees at the Philadelphia Naval Base it plans to release Sept. 1.

The Navy said Wednesday some of those released will be absorbed into its installation at Lakehurst, N. J.

## Humor From Small Fry

The Associated Press  
Robert Conrad, administrative assistant to Nebraska Gov. Ralph Brooks, planned to announce at 4 p.m. one day that he would be a candidate for governor.

But Conrad's 8-year-old son Charles let the cat out of the bag. Charles went to school in the morning and announced to his second grade classmates that his father expected to be the next governor, and that they were welcome to visit the governor's mansion when the Conrads moved in.

Mrs. Fred Van Allen of Sterling, Miss., returned from shopping to find her son in the kitchen surrounded by eight dogs heartily eating what was to be the family's supper.

"Now, don't get excited Mom," the child said. "I'm just going to give them a good meal and send them on their way."

During a lull in the marathon conversation of 14-year-old Ed Wing, of Port Washington, N. Y., his father looked in and found Ed eating a sandwich, the unhooked telephone beside him.

"Why don't you hang up?" his father asked.

"Why, she's still on the line," Ed explained. "We're both eating."

In Castle Rock, Colo., an 8-year-old boy asked a girl of the same age to marry him, but was promptly rebuffed.

"We only marry relatives in our family," the girl replied. "My daddy married my mother. My granddaddy married my grandmother, and even my uncle married my auntie."

Mrs. R. E. Lewis, first grade teacher in North Little Rock, Ark., was complimenting Mary Ann Glass for her perfect attendance record.

"I'll bet you're going to get an award at the end of the year," the teacher commented.

Student Vic Bradford excitedly spoke up from the back of the room: "I've got one of those on my hand—I think I got it playing with a frog."

For 20 hours police in Tucson, Ariz., searched for Mitchell Sullivan, 8, and sister Randy, 6, until they were found several miles from home.

Asked by officers why they ran away from school and from home, Mitchell answered: "We both hate arithmetic."

The St. Paul's Methodist Church bulletin in Cedar Rapids, Iowa, vouches for this one: A little girl told her Sunday School teacher, "I can't say my prayers any more."

She explained, "We have new bunk beds. I sleep on top and there's no place to kneel."

As a birthday present, John

Roach of Madison, Wis., took his 6-year-old son and a group of the boy's companions to a circus.

All the tickets were sold. As a second choice, he decided to take the children to a movie. They arrived as the movie was over.

"We'll have ice cream and cake at our house—all you can eat," promised the father.

But the ice cream, cake and other favors hadn't arrived.

One guest put on his hat and coat and, glaring at Roach, stalked out, shouting:

"I'm gonna tell my mom all we did was ride around."

## WAGE DISPUTE IS SETTLED

CHICAGO (AP)—The 14-month-old wage dispute between the nation's railroads and the Brotherhood of Railroad Trainmen has ended with a settlement of a 4 per cent pay increase over 18 months.

This closely follows the pattern of settlements reached earlier this month between the carriers and the Brotherhood of Locomotive Engineers and the Order of Railway Conductors and Brake-

men. Under terms of Wednesday's settlement members of B. R. T. will get a 10.208 cents an hour increase, one half to go into effect July 1, 1960 and the other half March 1, 1961. The present wages range from \$2.25 to \$2.84 an hour.

Other terms of the agreement include incorporation of the 17 cents an hour total cost of living adjustment since May 1957 into the basic wage rates, cancellation of the cost of living escalator clause and a provision to keep the contract in effect until Nov. 1, 1961.

Lamar (Skeeter) Newsome is putting in his 29th baseball season as a second term manager of the Birmingham Barons in the Southern Assn.

# Forecast Good Times But No Boom; Have Job Problem

**Editor's Note** — Will the second half of 1960 provide enough jobs for the growing labor force? In this, the second in a series of three articles on the economic outlook, Sam Dawson, AP business news analyst, discusses the prospects for a pickup in industrial output, business spending for inventories and capital goods, and consumer spending for goods and services that could mean more jobs.

**By SAM DAWSON**  
AP Business News Analyst  
NEW YORK (AP)—Jobs for a growing population will be a prime problem the rest of this year. It's the human side to the economic query: Will industry and trade turn smartly upward again after Labor Day?

Moderate gains are expected. It seems unlikely they'll be enough to solve the jobless problem.

Total employment has been rising. But the number out of work sticks stubbornly around 5 per cent of the labor force. Right now the number looking for jobs is rising because of the influx of graduates and students into the market.

But the longer-term problem is two-pronged: The number of Americans of working age is on the rise, while the number required to turn out a given supply of goods keeps dropping because of mechanization and automation and increased skills.

Wage scales continue to rise this year, but the rate of increase is lower than in the recent past. Also, many workers find paychecks smaller because of shorter work weeks in some industries.

What help for more jobs is in sight from a business pickup?

**Usual Picture**  
Industrial output was at a record high in January. Then it dipped, but made a slight recovery in May.

The immediate outlook is for little change—the usual summer lull, an average fall quickening. Steel production seems sure to go lower before its hoped-for late summer recovery. Some appliance makers are cutting back to bring stocks in line with sales. Auto production will soon be dropping as the model changeover time nears.

# STEVENS WILL USE U. S. SCENE FOR NEW FILM

**By BOB THOMAS**  
AP Movie-TV Writer  
HOLLYWOOD (AP) — Why does George Stevens choose to shoot "The Greatest Story Ever Told" here when others are making epics all over the map?

The question was put to the ace producer-director on his return from the Holy Land. The trip confirmed his plans to spend 10 millions of 20th Century-Fox's money in filming the Christ story here.

"One of the great powers of the movie medium is its ability to use landscapes dramatically," Stevens explained. "I want to do that with this story. In researching the art about the Christian era, I discovered that we get most of our conceptions of how things looked from the great Renaissance painters. They painted not how Jerusalem looked, but how they conceived of it in Rome, Florence, Venice and Amsterdam."

**Same Terrain**  
"I want to achieve that romantic conception. I also want to approximate how the Holy Land

which takes in all production of goods and services, has topped 500 billion dollars at an annual rate for the first time. But the rate of its growth has slowed. Two of its greatest bulwarks also have been losing some of their forward zing—consumer spending and business outlay for plant and equipment. A number of industries are still catching up with capacity already built higher than current demand.

**Export Push**  
Business has been getting some forward push in this year's growth in the dollar volume of exports, while the increase in imports has slowed.

And through all the surmises about business trends run the threads of election year turmoil and the still uncertain effects of cold war flareups on our defense spending and on our private planning.

The best guess: Times will be good this fall, but not booming, and jobs enough for all will still be a problem.

Friday: Whither prices? Will the consumer go on shelling out his dough or call a halt?

# Britain Increases Its Bank Interest

LONDON (AP) — Britain's official bank interest rate was raised Thursday to 6 per cent from 5 in a further attempt to correct an adverse balance of payments and curb inflation.

It was the second increase since Jan. 1 in the Bank of England rate, which sets the interest pattern for all sterling bloc lending institutions.

The rate was hiked to 5 from 4 per cent Jan. 21.

British exports have been booming in recent years, but imports have greatly increased. Among the effects of the new squeeze will be the stiffening of credit terms for importers needing money to pay for foreign goods.

Charley Grimm is managing the Chicago Cubs for the third time and Eddie Sawyer is handling Philadelphia for the second time.

looked centuries ago. It was an era of great physical upheaval and of contrasts. Today, it looks nothing like what it did. The centuries of human erosion have smoothed out the land.

"Our own western United States has had the same kind of recent physical upheaval. I can find everything I need here. The Salt Sea is similar to the Dead Sea; Death Valley — the Jordan Valley. I can use the great red rock canyons of Utah, the contrasts of Jackson Hole, Wyo., the sequoias of California. These are things I can get nowhere else."

"Spain? There isn't enough contrast there. I would have to go from Spain to Ceylon to get the different landscapes I want."

This brought up a touchy point. A film company with MGM backing is now shooting "The King of Kings" in Spain. How does Stevens feel about being beaten to the box office with another Christ biography?

"I'm always concerned with competition," he replied, "but I'm not really worried. The Christ story is so great and colored by the imaginations of everyone that there is room for many interpretations of it."

# CONVICT GIRL OF KIDNAPING

MEDIA, Pa. (AP)—A jury has convicted a 21-year-old housekeeper on charges of kidnaping a 14-month-old girl from the Ridley Park home of her employer last March 23.

Judge John V. Diggins of Delaware County Court withheld sentencing Wednesday pending a psychiatric examination of the accused, Mrs. Dolores McLaughlin Duffy.

The jury of five men and seven women deliberated only 90 minutes before finding Mrs. Duffy

guilty of taking Donna Marie Paoletti from her home. The trial lasted only one day.

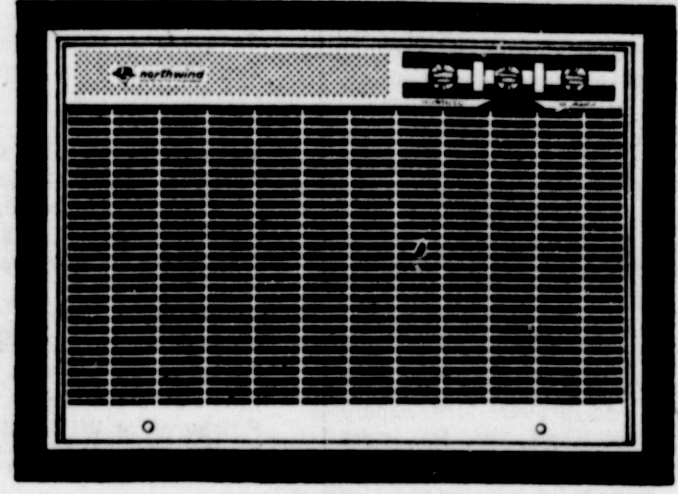

In sending the woman to Norristown State Hospital, Diggins said:

"I feel the responsibility for her conduct lies more with the medical profession than with the legal profession."

Mrs. Duffy had testified she was drunk when she took the child. Joseph A. Kennen, Jr., a former Philadelphia private detective, returned Donna Marie to her parents the same day she was taken. Mrs. Duffy had left the child with Kennen.

Frank Robinson of Cincinnati says he would rather play the outfield than first base.

## 'STAR' IS JUST ANYBODY WITH 2-LINE SCRIPT

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—The television branch of the entertainment industry, probably influenced by Madison Avenue's undisciplined use of the superlative, is cheapening that hard-won title, "star."

In the theater a star means a Helen Hayes, Mary Martin or Rex Harrison. Star billing specifically means that the name of the performer appears above the title of the vehicle (i. e., Ethel Barrymore in "The Corn Is Green.")

But in television, the word star is applied to just about anybody with more than two lines in the script. In fact, there are so many stars in TV casts these days that they have had to invent some new ways to set apart really big name performers from actors with walk-ons.

### Used Loosely

A TV variety show star of course, doesn't get billing above the title: He is the title — The Steve Allen Show, the Perry Como Show, the Dinah Shore Show.

In dramatic series (the word dramatic here is used loosely to include westerns, private-eye episodes and situation comedies) the word star is used to identify the one or two people in the leading roles. These stars are created

## ESTIMATES DELEGATES 'FRISCO COSTS

HARRISBURG (AP) — Ever wonder what it costs a delegate to attend a presidential nominating convention?

Pennsylvania delegates to the Democratic national convention at Los Angeles next month could get by on as little as \$400, a Democratic State Committee official estimated Wednesday.

Of course, many delegates will spend as much as \$1,000 to \$1,400, depending on their activities outside the convention, added Robert Kane, aide to State Chairman John S. Rice.

### Five-Day Convention

Kane based his estimates on a five-day convention. Cost would mount if a longer time is required to pick the party's presidential nominee.

Kane said delegates can ride a chartered plane at a cost of \$210 for the round-trip between Phila-

delphia and Los Angeles. Hotel rates, depending on accommodations would range from \$7 to \$12 per person. The \$400 estimate Kane said, still would leave about \$20 per day for food and incidentals.

The higher estimates are for the delegates traveling by commercial flights and those taking wives along. Pennsylvania Democrats will send 162 delegates and 81 alternates to the July 11 convention.

The family explains that it isn't even a tree, but an enormous vine planted by Louis G. Merritt, the home's former owner. Because of a kind of "trunk" and downward pointing "branches," the vine gives the appearance of an upside down tree.

## Pocketbook Seems Secure From Deep Price Gouges

**Editor's Note**—Will the cost of living level off or inch higher? In this, the last in a series on the economic outlook, Sam Dawson, AP business news analyst, discusses the supply and demand prospects for goods, and consumer plans for spending, saving—and going further into debt.

**By SAM DAWSON**

**AP Business News Analyst**  
**NEW YORK (AP)**—The chance of your pocketbook escaping further deep gouges from rising prices seems good for a while—but little pinches will continue.

And most Americans will spend as much of their incomes as ever and borrow when they haven't the cash. The two things that might change this attitude aren't sighted—a drop in confidence, or the start of a real recession.

The consumer changes his spending habits from time to time, however. And business keeps an eye on his state of mind.

**Is Confident Now**

Right now he gives every sign of feeling pretty sure of himself. He has plenty of choice in what to buy, expects goods to be plentiful and therefore easily obtainable at competitive prices, and thinks his own future income looks safe enough to let him take on installment debt when he really wants something. He also notes that increasing foreign competition weakens some domestic prices.

The over-all cost of living has been creeping higher and is now at a peak. But because some prices drop as others rise, and because there's been no big upward rush of late as in some previous postwar years, the public seems confident of fairly stable prices. So do the experts in and out of government.

Helping in maintaining the high spending rate, and thus in bolster-

ing high prices, has been the rise of total personal income to a peak. It is now around 400 billion dollars a year, but the rate of increase has been slowing. It will gather speed again only if the fall comes forth with the general improvement in business activity counted on by the optimists.

**Consumer Debt Rising**

The total of consumer debt has been rising, too. Installment credit alone is now at a record 40 1/4 billion dollars. Home mortgage debt totals also have risen, although the number of new homes started this year is notably behind those started in the first half of last year.

Some look for more home buying this fall. They count on a greater supply of mortgage funds to tap, on a nudge from government relaxing of credit rules somewhat, and on growing consumer confidence.

Interest rates still stay high, however, and so do building costs.

**Has Fooled Business**

But the consumer has fooled business at times. Along with fitful spurts of price resistance, he sometimes revolts against the prized products of industry and demands others.

Examples are the compact cars that consumers conjured up by buying small foreign cars in increasing volume, and the trend to casual clothes that has pained many makers of dressier togs.

And the consumer, in turn, could be fooled in his present belief that price stability is a good bet.

True, most goods will be in ample supply the rest of this year, and most industries will have surplus capacity with which to make more if the demand rises.

But there are some built-in costs, such as still rising labor scales, higher taxes, and transportation and distribution charges. These put a floor under many prices. In a revised boom the floor could turn into an elevator.

Pitching — Don Mossi, Tigers, snapped the Yankees' six-game winning streak with a 2-1 victory and brought his season's record to 4-5.

Hitting — Eddie Mathews, of Braves, hit a pair of homers, his 15th and 16th of the year, in an 8-4 triumph that completed a sweep of a four-game series with the Giants.

Both Palmer, newly crowned U.S. Open champion, and Snead were under par. Palmer had a 69 and Snead a 71 for a total of 140.

Player, 23-year-old breaker of Portmarnock Links record Thursday, was under the care of a doctor. He's suffering from a bad attack of asthma that left tears in his eyes, made it difficult to breathe and plagued him with aching muscles.

"If it gets any worse I'll never be able to carry out," Player wheezed after tearing Portmarnock apart with a 7-under-par 65.

He's still one of the finest hitters of a ball in the business. He proved it Thursday by taking a 72, which with Player's 65 gave the South Africans a total of 137.

## YANKS TRAIL IN CANADA CUP GOLF TOURNEY

**PORTMARNOCK, Ireland (AP)** — Gary Player and Bobby Locke, South African leaders in the Canada Cup golf championship, went into the second round today relying on stout hearts to see them through.

## Women To Handle Pic-Six Wagering

**CHARLES TOWN, W. Va.** — Shenandoah Downs, which introduced women as valet parking ticket sellers last year, will again turn to the fair sex at the summer meeting, using women as sellers and cashiers in the Pick-Six Bonanza operation.

General Manager Bob Leavitt announced today that women will handle all transactions when Shenandoah introduces pool wagering in this area July 5. The pick-six pool will be in operation throughout the night track's 71-program summer meeting.

## DID BRAVES POUND GIANTS OUT OF RACE?

**MILWAUKEE (AP)** — Two years ago, Milwaukee broke the back of the San Francisco Giants by sweeping a four-game series en route to the pennant. The big question today is whether the Braves have kayaked the Giants again — in a similar manner but a few weeks earlier than in '58.

The red-hot Braves completed a sweep of four games with the slumping Giants with an 8-4 victory Thursday as Eddie Mathews cracked a pair of homers with one on and San Francisco committed four errors.

While admittedly taking dead aim on the front-running Pittsburgh Pirates, the Braves nodded in silent agreement that the Giants looked like an also-ran team in the invasion of County Stadium. At times, the games appeared more like father-son picnic meetings.

## BARRY MACKAY IS UNDECIDED ABOUT FUTURE

**By JOHN GALE**

**WIMBLEDON, England (AP)** — Second-seeded Barry MacKay has quietly let it be known around these tennis courts that he is looking for a career.

The tall, bashful American says he wants a job this fall but so far hasn't decided what to do. MacKay, 24, majored in economics at the University of Michigan. He is also a considerable tennis player with a great chance of winning the 74th Wimbledon championships.

Caught at something of a crossroads, he admits he does not know if his future lies in professional tennis or commerce.

"So far as pro tennis is concerned," he says, "nobody has yet asked me seriously. I suppose

setbacks (nine in the last 11 games), Manager Tom (Clancy) Sheehan refused to think that his club is dead in the National League race.

"We're to good a club to go this bad too long," Sheehan said. "Remember, we (the United States) damn near lost the Battle of the Bulge, but we didn't."

Sheehan, who succeeded ousted Bill Rigney as pilot Saturday, blamed his infielders' spotty play for the San Francisco nose-dive. The four errors in the series wind-up with the Braves led to six unearned runs.

"That bad fielding puts the pitchers in the hole," Sheehan said. "You can't win by giving away six runs in a game. We must be leading the world in errors. That's what's killing us."

## that might change if I win Wimbledon. On the other hand with a major in economics, I would be interested in joining say a financial or investment house."

**Kramer On Hand**

Around these same courts, MacKay sometimes passes the time of day with Jack Kramer who is scouting Wimbledon as a prospect for his professional tour.

Kramer presumably is holding his hand until the Wimbledon championship is decided. He has snapped up every champion for his pro circuit since Tony Trabert won in 1955.

MacKay must be giving him something to think about. The 6-3 player from Dayton, Ohio, has won each of his three matches in straight sets, including a 6-3, 6-3, 11-9 decision Thursday over the experienced Swede Ulf Schmidt.

Between now and his expected pairing in the final against Australia's Neale Fraser, nobody should stop him on current form. Try to get that out of the bashful giant, however, and you run into a brick wall.

**Concentrates On Winning**

"I don't think ahead like that," he said. "I just concentrate on winning a match at a time."

In Thursday's rain-ridden pro-

gram, only 27 of the scheduled 60 matches were completed.

Fraser and fellow-Australian Rod Laver won their third round although the top-seeded Fraser unexpectedly dropped a set to Russia's 19-year-old Thoomas Lejus before winning 6-4, 6-1, 6-8, 6-3.

Skidding on the slippery surface, Laver, the No. 3 seed, also dropped a set before getting the hang of it against Spain's Manuel Santana. The Australian won 3-6, 6-1, 6-4, 6-4.

In the women's section, Brazil's Maria Bueno coasted to a straight sets win over Norway's Tine Scheirer.

The other main seeds—Darlene Hard from Montebello, Calif., and Britain's Christine Truman—also have been winning impressively. Miss Hard eliminated Britain's Frances Walton 6-1, 6-0 to gain the fourth round.

## Social Security

Q. I am 59 years old, and have been paying self-employment tax on my farm operation since farm was first covered by social security. In September 1959, I had a paralytic stroke, and haven't been out of the house since that time. I did have \$1,500 net income for the year 1959 though. When could I get disability benefit?

A. You did not meet the work requirement for the disability program until October 1959, when you acquired your 20th quarter of social security coverage. A 6-month waiting period is necessary after the work requirement is met, so the months of October 1959 through March 1960 would be your waiting period. If you meet the disability standards set out in the law, you could be paid for the month of April 1960.

Q. I am a self-employed farmer, 38 years old, and have paid social security tax for the years 1955, 1956, 1957, 1958, and 1959. In January 1960, I fell from my hayloft and the doctor says I will never be able to walk again. I have 6 children under 18. When can I get social security disability benefits?

A. Under the present law no disability benefits are payable to disabled individuals under age 50. However, you should file an application for a disability freeze in order to protect your earnings record. If you meet the social security disability standards and are still unable to work when you become age 50, you and your family would then be paid benefits.

Q. If a man had never worked under social security and had no coverage until 1955 when farm operators first came under the social security law, when could he qualify for disability payments?

A. The first month any disability payment can be made to individuals with only farm operator income is April 1960. Payment could be made then only if the disability had existed for as long as six months, the social security disability requirements were met, and the farm operator had coverage under social security for all of the past five years.

Q. I have always been a self-employed farmer. Never worked a day in my life for another person or company. In August 1959, I was severely injured in a tractor accident and have been bedfast since then. However, I reported on the optional form for 1959 and had \$700 from farm self-employment. In October 1959, I filed for disability benefits. Since I will be 50 years old in June 1960, I want to know when I can expect to receive a check.

A. If you qualify for disability payments, your first check will be one for the month of June 1960, and you should receive it early in July. It is not possible to be paid disability benefits until age 50.

Q. If I qualify for disability social security benefits in April 1960, when can my 3 children under age 18 and my wife get benefits?

A. If you qualify for disability benefits in April 1960, your wife and children under age 18 would be able to start getting benefits the same month, if they are eligible to receive benefits as your dependents.

**LOW ON FUEL, PILOT IS AIDED**  
 PITTSBURGH (AP) — With only two gallons of gasoline left, a Riverdale, N. J., business man Wednesday landed his private plane at a small airport 35 miles east of here. He was aided by radar and another private plane.

Henry Stuffer, 35, said he ran into severe weather conditions about 100 miles east of Pittsburgh en route to Teterboro, N. J., from Lansing, Mich. He said the Federal Aviation Agency gave him radio directions to return to the Pittsburgh area.

The Tennessee, an airplane owned by a Nashville newspaper of the same name, was in the area and was asked to help in the search for Stuffer's plane. The Tennessee was piloted by Ken Frey, 43.

Frey said he spotted Stuffer's plane and went to an airport at New Alexandria, Pa. Radar operators directed Stuffer to proceed to Frey's position.

Stuffer's comment after landing: "I was scared up there."

Saratoga, opened to the echo of Civil War gunfire, features the two oldest stakes in the nation—the Travers, first run in 1864, and the Saratoga Cup, first run in 1865.

Other guests were Mrs. Catherine Weaver and Miss Alice Weaver, also of Hagerstown.

## DOCTORS HAIL KIDNEY PLANT

BOSTON (AP) — Doctors at Peter Bent Brigham Hospital Thursday proclaimed the first successful kidney transplant operation involving non-identical twins.

The operation was performed Jan. 24, 1959. A healthy kidney was taken from Andrew Riteris of Milwaukee and given to his brother John.

Doctors said that in the 17 months which elapsed they were able to determine that the kidney will continue to function properly. The 24-year-old brothers today enjoy what was described as normal, healthy lives.

After inserting Andrew's kidney in John's body, both of the latter's diseased kidneys were removed.

Doctors said John would have died without his brother's kidney. The Riteris operation was the first declared successful where the parties involved were not identical twins.

NEW DELHI, India (AP) — India's chief of staff says reports indicate the Communist Chinese are massing heavy troop concentrations along some of India's border areas.
